**CHUN WO PRESENTS: “CONNECTION”**

\* \* \*

**CHARITY PHOTO EXHIBITION OF MING THEIN AND IR DR. DERRICK PANG  
FROM 11 TO 17 JUNE 2015 AT THE HONG KONG ARTS CENTRE**

(Hong Kong, 8 June 2015) – **Chun Wo Development Holdings Limited (“Chun Wo” or the “Group”)** (stock code: 00711), **Construction Charity Fund** and **Lifewire** are delighted to present “CONNECTION,” a charity exhibition of photos taken by **Mr. Ming Thein, a renowned international photographer**, with a series of photos specially contributed by **Ir Dr. Derrick Pang, Deputy Chairman of Chun Wo**, running from 11 to 17 June 2015 at The Hong Kong Arts Centre.

“CONNECTION” will showcase 92 photos taken at 22 Chun Wo major infrastructure projects in Hong Kong, themed within four critical areas – “People”, “Scale”, “Detail” and “Results”. The public can see how all segments of the construction industry have contributed to the dynamic world city of Hong Kong and can view the construction sites which they normally couldn’t access. They can also appreciate the distinctive character and aesthetic creativity of construction captured through the lenses of professional photographer. In addition to works by Mr. Ming Thein, a series of photos specially contributed by Ir Dr. Derrick Pang, Deputy Chairman of Chun Wo, will also be featured.

The theme, “CONNECTION”, conveys the distinctive bond between the construction industry and the Hong Kong community, while also aiming to enhance public perception of the construction industry. The Exhibition will also raise funds for the **Construction Charity Fund** and **Lifewire**, which provides immediate financial assistance, condolences and support to families of workers who have lost their lives in construction-related accidents, and to financially-support children who have medical needs.

**Mr. Ming Thein** said, “I am genuinely gratified by the opportunity to showcase my photography to the Hong Kong public. Through “CONNECTION,” I hope to present the story of the construction and engineering sector in a compelling way and inspire a wider appreciation of contribution of the construction and engineering sector to the Hong Kong society while helping to make a difference to people in need.”

**Ir Dr. Derrick Pang** said, “Over the years, Chun Wo has been seeking ways of giving back to the community through regular CSR activities. We are especially pleased to join hands with Ming Thein to present the “CONNECTION” charity photo exhibition, providing the general public a unique opportunity to enrich their understanding of the strategically important construction industry to the society while providing financial support to the people in need.”

A 3D experience zone in the exhibition hall features an ultra large 3D immersive photo, visually conveying the public into a virtual construction site which they would rarely have a chance to visit. The visitors can pose within the 3D photo to produce an imaginative photo to upload to the Facebook page of the photo exhibition and enter a “Creative Photo Contest” with the chance to win prizes. The exhibition hall will also have a charity sale for selling souvenirs. Through purchase of the souvenirs, the visitors not only can provide assistance to worthwhile causes, but also bring the photographic art back their own homes.

**About Chun Wo Development Holdings Limited (Stock code: 00711)**

Chun Wo was founded in 1968 and was listed on the Main Board of the Hong Kong Stock Exchange in 1993. Chun Wo has recently introduced a new shareholder China New Way Investment Limited in 2015 to leverage that company’s network and resources in China. Apart from developing its core property development and construction businesses, in recent years Chun Wo has been diversifying its business into property investment, property management and security services. Its projects are widely dispersed in Hong Kong, Mainland China, Macau, Vietnam and the United Arab Emirates. Leveraging its expertise in large-scale integrated construction projects, the Group is capable of undertaking a wide range of activities encompassing civil engineering, building construction, foundation works, tunnel boring machine (“TBM”) technology, fitting out and interior design, electrical and mechanical engineering, track-work engineering and maintenance works. Its signature projects included the Central-Wan Chai Bypass, Guangzhou-Shenzhen-Hong Kong Express Rail Link and MTRC projects for the South Island Line and Shatin to Central Link. Chun Wo has also seized opportunities to engage in property development in the PRC, with a presence in Shijiazhuang, Hebei Province; Shanwei, Guangdong Province; Yangzhou, Jiangsu Province and Shenyang, Liaoning Province.

**About Construction Charity Fund and Lifewire**

Construction Charity Fund is a compassionate charity fund established to provide immediate financial assistance and condolences and support to families and workers who lost their lives in construction-related accidents. Lifewire is a crowdfunding platform set up by Chun Wo to financially support children who have medical needs.
